Based on years of experience in providing solutions for processing mixed-broken glass, The Andela CleanGlass™ Recycling Plant uses an innovative process which crushes, cleans, dries, sizes and sorts waste glass into a variety of valuable products. It is designed to turn your glass problem into a profitable business. You will be looking to collect and recycle all the glass you can get.

- Complete plant design supplied and installed
- Andela Pulverized Glass for tumbled edges
- Washing, drying and sanitizing
- Multiple screens — six grades of product
- Bulk, Super Sacs & 50lb bags
- Patent Pending
